LADIES LOOK YOUNG. DARKEN GRAY HAIR

USE THE OLD-TIME SAGE TEA AND SULPHUR AND NO BODY WILL LEKOW.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, waxy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray. Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell as it darkens so naturally and evenly. You wouldn't sponge or scrub with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, the natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

GREATEST BASEBALL WAR THREATENED

BAN JOHNSON.

JOHN K. TENER.

DAVID L. FULTZ.

The greatest baseball war, one in comparison with which the fight between organized baseball and the Federal league would be unimportant, is threatened in the announcement of Dave Fultz, president of the Baseball Players' Fraternity, that he has called a strike of all members.

He said Monday he had issued a call for all baseball players to quit playing Wednesday unless the national commission receded from its order for Kraft to report to the Nashville Club.

Ban Johnson, president of the American league, who generally has very much to say in cases of baseball trouble, at once blurted out that if a strike were called he would have each of the parks of the American league clubs closed for the season, and there would be no more baseball in that league till next year.

Johnson, however, hasn't power of this kind, and nothing like that would be done without a vote of the board of directors.

It would mean that the Federal league would at once jump into popularity and prosperity.

Kraft was drafted last winter from New Orleans by the Brooklyn National club. Nashville protested that it had the call on Kraft's services under contract. Over Nashville's protest President Ebbets of the Brooklyn National club sent Kraft to the Newark club, in which he also owned a controlling interest.

PRISONERS SAVE HOMES AS OPEN FIRE CREEPS NEAR

MEN WORKED WITH MIGHT AND MAIN TO EXTINGUISH MENACING FLAMES.

TROUTDALE, Ore., July 27.—Campers thought they had extinguished an open fire near the east end of Troutdale yesterday, but were mistaken and at 5:20 o'clock last night the fire spread into the brush and for a time menaced the bridge over the Sandy river, threatening to gain a hold in the brush timber.

Fireworks on a motorcycle discovered the spreading flames and reported it to Jess Larson, in charge of the telephone office here, and Mr. Larson immediately telephoned Sheriff Work at Portland. The sheriff rushed 11 prisoners from Keller State and within an hour the flames were controlled. The prisoners had to work hard and fast, however, to check the flames, digging trenches, throwing up dirt banks and otherwise blocking the path of the fire.

"The people of Troutdale can't give too much praise to the work of these prisoners," said Mr. Larson. "They worked as if their lives depended on it, and some of our homes did. The sheriff got here with two loads of men in 15 minutes after I telephoned and we are mighty grateful."

"The campers were a party of motorcyclists, and apparently had made an effort to put their fire out before leaving, but the dry brush and the wind kindled it."

Some prisoners, however, were not so grateful. One of them, a man named Chamberlain, who was with the prisoners, said: "I had money and got caught out in the rain, and it settled in my stomach and bowels. I had an awful time, and had it not been for Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not possibly have lived but a few hours longer, but thanks to this remedy, I am now well and strong." For sale by all dealers—A-39.

The Nashville Club appealed to the national commission, the ruling power in organized baseball, and the national commission upheld Nashville's claim.

The Players' Fraternity is determined to fight the plan by which ballplayers are sent from one club to another or one league to another whether they care to go or not. The fraternity took up the Kraft case and demanded that the player be restored to the Newark club.

The demand was ignored. After several futile attempts to get action, President Fultz declared a walkout of ballplayers.

After the issue of the strike order Fultz said he hoped it would not be necessary to resort to extreme measures. The controversy could be temporarily settled if a major league team would purchase Kraft.

The fraternity did not in violation of baseball agreements Kraft was sent from a Class AA league to a Class A league without obtaining waivers on his services from all the clubs in the Class AA league, which is the designation of the International league.

"The club owners in the American league are a unit for war," said Ban Johnson. "The time has come to end this fraternity foolishness. If our players, or a majority of them, strike, we will shut down our ball parks and keep the gates closed all summer."

PASTIME TONIGHT AND TUESDAY

The Herd and Unique Means Taken by One Woman to Win Back Her Husband's Affections Make a Psychological Story of Recent Interest.

Killing-Class (In Two Parts.) "The Stronger Tie," or "One Woman's Way." Synopsis: Blinded by the glamour of his title, Virginia Freeman, an heiress, falls deeply in love with Lord Belford, and after a short engagement they are married. Once she is Lady Belford, however, the young woman finds herself face to face with the fact that her husband has kept in love, not with her, but her money. An error in the delivery of a bracelet, which Lord Belford has bought for "the other woman" and which is sent to his wife by mistake, awakens her to the truth. After a visit to her rival and the failure

of a direct appeal to the better nature of the adventuress, she refuses her husband's overtures of divorce and sets herself to win his lasting love. How this is accomplished and how his lordship awakens to the love of a true woman will win the approval of every spectator.

"The Soul of Luigi." Vitagraph drama, featuring James Morrison, George Cooper, Dorothy Kelly and Anderson Randolph. Through his wife's desertion, his soul dies within him. Her orphaned child revives it and brings him a far greater blessing than riches.

"Snakeville's New Waitress." Essanay. A delightfully pleasing western comedy in which Sophie has a new experience.

Cosy—Monday.

Bell and Hamilton, in their comedy sketch, "The Dutchman and the Southerner," have certainly got a funny act, and know how to put it over. It is just one continual laugh; in fact they had to wait several times last night for the laughter to subside so they could go on with their act. One of the best laugh getters we have ever had in the house. They will be on tonight.

The La Marsh Co., consisting of three unusually clever people, two girls and a man, have a good act also. They have a good line of comedy songs, eccentric dances, funny stories and violin solos. Their character work is extra good and the whole act is pleasing all the way through.

"The Saving of Young Anderson." Two reel Reliance. An exciting story of the police department of a great city.

"Those Happy Days." "Fatty" does some wonderful stunts in this funny comedy.

Home Baking Reduces Cost of Living

THE U. S. Dept. of Agriculture in Experiment Station Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts of meat the difference is even greater.

If then, one really desires to reduce her weekly meat and grocery bills, she need only make more use of her oven.

Who ever heard man, woman or child complain that good home-made biscuits, muffins, cake and cookies appeared on the table too often? Instead the tendency is "to make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

Home Baking is Simplified by the Use of K C Baking Powder

With K C, you can make things moist and rich yet have them light and feathery, wholesome and digestible. Biscuits may be mixed the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fashioned baking powders. It is double acting and continues to give off leavening gas until the dough is cooked through. K C is sold at a fair price—a large can for 25 cents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws and to please. We take all the chances. Your money back if you do not get better results with K C than any baking powder you ever used.

Include a can in your next grocery order, try some of the new recipes that appear in this paper from time to time. Then you will have gone far toward solving this vexing "Cost of Living" problem.
